To the Public.

THE SENTINEL, having double the circulation IN THE CITY, and more than treble OUT OF IT, of any other paper here, renders it far the cheapest and most desirable medium in Milwaukee for all classes of Advertisements.

EVERY BUSINESS MAN who consults his own interest, will avail himself of the columns of THE DAILY SENTINEL, especially when he can do so at the same prices charged by other papers, and secure more than double the advantage of circulation.

THIS IS NO BOAST, BUT EVERY WORD TRUE.

The Wars of the Roses—Richmond and Baltimore.

The "irrepressible conflict" continues to rage in the ranks of the Democracy, and both factions are putting forth their best efforts to control the Presidential nomination. The "Cotton States" seceders meet at Richmond, Virginia, next week, but will probably postpone definite action until they hear from Baltimore. The DOUGLAS men will muster in great strength at the "Monumental City," and endeavor to force their favorite upon the Convention. Should the seceding delegates resume their seats in that body, it does not seem possible for DOUGLAS to obtain the requisite two-thirds vote; but if other delegates, manufactured to order for the occasion, take the places of the seceders, there will be no difficulty in nominating the Illinois Senator.

As far as can be judged from the tone of the press, public sentiment at the South is rapidly concentrating against DOUGLAS, while at the North there are obvious symptoms of giving way among those who supported him at Charleston. If the South, through its representatives at Baltimore, shall repeat the demand made at Charleston, to be allowed to dictate either the candidate or the platform, the star of the "Little Giant" will suffer eclipse. If, on the other hand, the South comes to Baltimore with conflicting counsels and divided delegations, the "outside pressure" from the North and West for Mr. DOUGLAS will doubtless turn the scale in his favor.

The Administration relents nothing in its hostility to DOUGLAS and relaxes nothing in its efforts to prevent his nomination. But such is the depth of discredit to which the BUCHANAN dynasty has fallen, that Mr. DOUGLAS is rather helped, than harmed by this Federal opposition. The Covode Investigating Committee has already brought to light corruption and iniquity enough to blast half a dozen Administrations.

The Homestead Bill Killed by the Democrats.

The Democratic Senators refused to concur in the House Homestead bill, and adhere to their own miserable deception, which is not a Homestead bill at all. Every Democrat in the Senate except Mr. DOUGLAS, who was "missing," voted on Wednesday to send back the House bill, and that is doubtless the end of the matter for this session of Congress. Last year the Homestead bill was defeated by the veto of a Democratic President, and this year by a Democratic majority in the Senate. Let the People of the Great West remember these facts.

Little Delaware Coming.

The Delaware State *Journal*, and the Delaware *Republican*, both FILLMORE papers in 1856, now fly the Republican flag of LINCOLN and HAMLIN. Delaware was fully represented in the Chicago Convention, the delegates being from among her best citizens, and she will cast a large vote for the Republican nominees. Delaware is fast wheeling into the line of Republican States.

IMPORTANT DECISION—COUNTY BONDS IN AID OF RAILROADS.—The Illinois Supreme Court, at the term just closed, decided that the law authorizing counties to subscribe for railroad stock and to issue their county bonds therefor, was constitutional, and that the bonds issued in this cause were regularly issued, and although the county had no authority to make them payable in New York, they were not for that reason void, but impose an obligation on the county to pay them at home the same as if no place of payment had been specified in the bond.

The decision is a very important one, as it involves the validity of nearly all the bonds issued by the several counties of Illinois.

DEATH OF BYRON'S WIDOW.—Died, May 16, at No. 11 St. George's-terrace, Regent's Park, London, ANNE ISABELLA, Baroness NOEL BYRON, widow of the late Lord BYRON. This lady, who was born in 1794, was the only daughter and heir of Sir RALPH MILBANKE NOEL, Bart., by the sister and coheir of the second Viscount and ninth Baron WENTWORTH. On the death of the other coheir, Lord SCARSDALE, in 1856, she succeeded to the barony of Wentworth by writ, the Viscounty becoming extinct. She was married to the great poet in 1815, but the union, as is well known, was a most unhappy one for both the husband and wife. Their only child, ADA, was married to Earl LOVELACE, and died in 1852.

SUICIDE FROM RELIGIOUS EXCITEMENT.—A farmer in good circumstances, residing in the town of Linden, Iowa County, named JOSEPH RILE, committed suicide on Saturday last, by fastening a strap around his neck, and suspending himself from the limb of a tree near his dwelling. The deceased has not been sound in his attendance on the protracted meetings last winter, and we are told that prior to this fatal result he had made one or two other attempts of self-destruction. The unfortunate man was about 45 years of age, and leaves a family to mourn his sad end.

THE IRISH EXODUS.—The Irish provincial papers continue to report the emigration of large masses of the peasantry. A Roscommon journal, for example, says: "The numbers at present emigrating from our country exceed any that has taken place for years. Nearly every day groups of comfortable, well dressed people, of the small-farming class, with their large red boxes, may be seen at our railway station, en route for America, via Galway and Cork."

SUBSCRIPTION FOR SAYERS IN ENGLAND.—The subscription for SAYERS in England now amounts to $25,000. Three hundred members of Parliament subscribed one guinea each.

DAILY GERMAN PAPER AT RACINE.—The Racine *Volksblatt*, an excellent German Republican paper at Racine, has commenced the publication of a daily paper. It should meet with encouragement in Kenosha county.

The Ratification in Old Rock.

Correspondence of the Sentinel.

JANESVILLE, May [illegible] 60.

MESSRS EDITORS.—The *Daily News* contained a communication, a few days since, from this city, signed "Ilion," pretending to give an account of the ratification meeting which was held here on the 22d inst. That communication was one tissue of falsehoods from beginning to end. The ratification meeting here was a complete success. Every town in the county was represented; the large hall in Young America block was filled to overflowing, both in the afternoon and evening, and the best possible feeling prevailed. I was not present in the afternoon, but in the evening the audience were very enthusiastic, and every allusion to "Old Abe" called forth hearty applause. The Republicans of Rock county are alive to the importance of the contest which has opened so auspiciously, and although their first choice, WM. H SEWARD, was not the choice of the Chicago Convention, they know that in "Honest Abe" they have no compromise, half-way candidate, but a representative of living Republicanism. This is the right feeling; our cause is superior to any man, and is not bound up in any one person. We are striving for "measures, not men," and so long as we have a candidate who represents those measures, and stands fair and square upon a simon pure Republican platform, who is ab(l)e and honest, we should accord to him a hearty and undivided support. Set Rock county down for 4,000 majority for LINCOLN and HAMLIN.

As regards the correspondent of the *News*, "Ilion," I have only to say that had he signed that slanderous communication with his *bona fide* name, I would not have deemed it worthy of notice, because his falsehoods would have fallen harmless to the ground; but inasmuch as he has taken the precaution to entrench himself behind the respectability of an assumed name, I wish to say that his statements are wholly and totally false.

Yours truly, W.

Generous Donation.

Martin Laughlin, who dislocated his shoulder in falling from Senator Seward's house at the time of the fire, received on Saturday the following letter, accompanied by a check for $100. The recipient had previously received the kindest care from Mr. Seward, Jr., and by him his physicians' bills were duly paid. The letter is as follows:

AUBURN, May 26, 1860.

DEAR SIR:—I have been expecting that you would be able to call upon me during my present stay here; but I learn with regret that you are yet unable to go abroad.—Being obliged to leave home immediately for some weeks, I pray your acceptance of the within, together with the expression of entire sympathy with you in the suffering you have undergone, in consequence of your brave and generous efforts to save my property and home from fire, during my absence from the city. I will not attempt to express my gratitude, for it would be impossible. Very truly your friend,

WILLIAM H. SEWARD.

MARTIN LAUGHLIN, Esq.

Being asked for the letter by the editor of the Auburn *Union*, Mr. Laughlin consented, saying: "Be careful of it, and be sure to return it to me, for I had much rather lose the certificate of deposit than the letter; for while the former only represents *money*, the latter represents the heart of Governor Seward." And so it does.

Republican Ratification Meeting at New Haven.

NEW HAVEN, May 29, 1860.

The Republican members of the Legislature, in connection with the Republicans of the city, held a meeting at Liberty Hall this evening, to ratify the nominations at Chicago. The speakers and others were escorted to the Hall by a torch-light procession and bands of music. The meeting was a very large one.

Ex-Governor R. S. Baldwin presided.—Speeches were made by the Hon. E. K. Foster, on behalf of the delegation to Chicago, by the Hon. Freeman Smith, who introduced the resolutions, by Gov. Buckingham, Ex-Gov. Dutton, the Hon. N. D. Sperry, Wm. K. Peck, and many others. The resolutions were passed by acclamation.

Ratification Meeting at Trenton.

TRENTON, N. J., Tuesday, May 29.

A grand ratification meeting of the friends of Lincoln and Hamlin, was held here this evening at Temperance Hall. The meeting was large and enthusiastic. The Chicago platform was read and adopted with cheers. The Hon. Wm. L. Dayton and Jas. T. Rusling, of Trenton, and George A Coffee, of Philadelphia, made speeches, and were repeatedly and loudly applauded. Cheers were given for the nominees, and resolutions passed to elect them. One hundred guns were fired.

INDIAN VISIT—OLD TIMES REVIVED.—A party of Winnebago Indians, seven in number, including three of the head chiefs of the tribe, viz: DeKorah, aged 85 years, Four Legs, or "Dandy," aged 81 years, and Caramany, aged 80 years—also the only son of Black Wolf, have been visiting this city for several days past. They came from the vicinity of Crow Wing, on the upper Mississippi, (some 1,500 miles,) to encamp once more upon their old hunting grounds, and visit the old friends with whom they traded in the years long gone by. But alas! where are they? They have nearly all gone to the "spirit land." They find but one man left (P. B. Grignon) who can at all understand any of their language. They have amused our citizens by performing their various dances, to the music of their rude instruments, exercises with the bow and arrow, &c, &c. From their statements it appears that their tribe are in a suffering condition, thro' sickness and want, so that this company have been forced, through fear of starvation, to leave their homes and solicit funds for their relief. They say that the game is all gone from their hunting grounds, and the fish from their rivers, and ask with some anxiety whether there are "any fish in the Fox River?" By leaving their reservation, these men have violated the treaty between the Winnebagoes and the United States, but if their statements are true, we think they are justified in so doing.

The three old chiefs above named were prominent actors in the famous Black Hawk war.

Mr. P. B. Grignon, of this city, we suppose, is better acquainted with the Indians of the Northwest, their language and traditions, than any other man now living.—*Green Bay Advocate, May 29.*

THE STORM OF TUESDAY LAST.—This section of country was visited on Tuesday last by a terrific storm of rain and hail. The tin roofing of Barlow's brick store, timbers and all, was torn off, and the building flooded with water, doing considerable damage.—Chimneys, trees, and windows suffered severely. Hail stones of extraordinary size were picked up, a mile or so north of the village, some of them being larger than a hen's egg. The storm was the severest ever known here; but outside of the village we hear of no serious damage being done.—*Elkhorn Independent.*

LUMBERMEN HAPPY.—Lawyer Messmore, of our city, who left Black River Falls on Wednesday morning, reports that millions of logs are tumbling over the Falls, and that lumbermen are "happy as clams in a pork barrel." The river is still rising, and there seems no doubt but the great body of logs in Black river, would be moved to the booms at the mouth. All the mills on the river, twenty-five in number are securing supplies, and will be started immediately.—*La Crosse Democrat, May 31.*

FRUIT PROSPECTS.—We learn that the fruit prospects, especially apples, in this section of country are regarded quite good—that is, good for this latitude. Apple trees have blossomed well, and give good indications of fruit bearing. The peach prospect is quite poor, and there will be but little or no fruit of this sort in this county. Plums and cherries, we learn, give no unusual prospect of abundance.—*Kenosha Telegraph.*

DEPOT CHANGED.—The Chicago and Milwaukee Railroad have changed their passenger depot from the building formerly occupied, to the old West Side Depot of the Galena and Chicago Railroad, on Kinzie street near the river. The change will be a great convenience to the travelling public, as it brings the depot some three blocks nearer to the center of the city.—*Chicago Press & Tribune.*

THE THEATRE.—We perceive that there is still a probability of our having a theatre company. Mr. RILEY, an old favorite with the Milwaukee folks, and who has been playing a very successful engagement at New Orleans, has written a letter to our friend WILSON, stating he will visit Milwaukee immediately with a first class company, and one or two stars, and play an engagement of three or four weeks. This Company is composed of the best actors and actresses in the New Orleans and St. Louis Theatres, and cannot fail to be successful here during their stay.

HAD THE CHOLERA.—A woman of Celtic persuasion, rolled her shawl up into a pillow, and laid down in the middle of the sidewalk on Huron street yesterday. When accosted, she said she "had the cholera." If such was the case, it was brought on by bad whiskey, if our nostrils are good indicators. The last we saw of her, she was endeavoring to take up her bed and walk.

IN VIEW of the number of children that have been drowned in the Milwaukee River, would it not be a good idea to have some means at hand to rescue them. There are no provisions made for any such contingencies, and persons who fall in the river are at the mercy of distant boats, misplaced drags and absent swimmers.

THE LE BRUN BILLIARD SALOON.—This popular institution in Young's new block, Main street, continues to draw. The establishment is a very complete one; everything being of the best. The admirers of the game will find LE BRUN a perfect master, always ready to try a bout with any visitor who is anxious to display his skill.

FUNERAL NOTICE.—The funeral service of MASTER WM. E. BUTLER, will take place today at the North Presbyterian Church, at half-past 2 o'clock, and not at the residence of Mr. BUTLER, as was stated yesterday.

The friends of the family are invited to attend.

THE ALDERMAN who saw our friend CHANDLER, of Adams county—and supposing the illustrious Japanese had arrived—tried to get up a subscription for a public welcome, has since discovered his mistake and subscribed to the *Adams County Independent.*

THE TAX-PAYERS OF RACINE are to have a meeting this evening, to take into consideration the position in which Judge MILLER'S recent decision has placed them, and to consider the propriety of instructing the City Authorities to carry the case to the U. S. Supreme Court.

WILL the Delevan paper copy the following item, and oblige us:

MANSFIELD is urgently requested to get ready that suit of clothes. If our friend NORTON is about he will please remind him.

BASE BALL.—The Milwaukee Base Ball Club plays a match this (Saturday) afternoon, on the Fair Grounds, Spring street hill. An omnibus will leave the corner of Main and Wisconsin streets at ten minutes before 3, to convey parties to the ground.

BANANAS AND PINE APPLES are becoming plenty, to say nothing of Oranges and Lemons. Any acute person who passes up Wisconsin street now, will say that tropical fruit has taken quite a stand.

A RATIFICATION MEETING was held in Kenosha on Monday at which—says the *Telegraph*—Mr. FITCH, late of the *Free Democrat*, was the principal speaker.

THE SEE-BOTE seems to think that the *News* knows more about the origin of the recent fire in the former paper's office than any one else. If so, we hope the *News* will explain.

THE *News* says that LINCOLN has gained several inches in stature since his nomination. If this is the natural result of nominations, what a happy thing it would be for DOUGLAS if *he* should be chosen.

DETROIT AND MILWAUKEE R R ROUTE.—The business of this route is steadily increasing. The Detroit *Advertiser* says that the Company have found it necessary to add to their extensive accommodations in that city, by providing more warehouse room and larger offices. The two steamships, which ply between this port and Grand Haven, make their trips with remarkable regularity. They leave here morning and afternoon, and cross the Lake in about six hours, affording a delightful sail. All the mail matter from the East to Milwaukee and the points North and West, now come by this route, instead of going round by Chicago. The mails are distributed by agents on the boats, and are forwarded immediately on the arrival of the steamers at their dock in the river.

OUR HORSE RAILWAY is destined, we believe, to be a paying, as well as a popular institution. The earnings of *one car* the first day, running only about *half* the contemplated distance of the road, were $38; and yesterday, we should judge a much larger number of passengers were carried than on the first day. It is a great convenience, as well as an attractive feature in our streets, and when completed and fully equipped, we doubt not will do a paying business. There was a large force of men at work yesterday on the unfinished portion on East Water street, and by the early part of next week, the cars will be running from Walker's Point Bridge to Prospect street.

MUNICIPAL COURT, JUNE 1.—Andrew Paul, drunk, fined $1 and costs. Paid.—This is the man who had a well cave in upon him the other day, corner of Milwaukee and Oneida streets.

Charles Dayler and Wm. Gaebal, violating city ordinance, in running horses, fined $5 and costs. Paid.

John Lux, disorderly, fined $2 and costs. Paid.

Annie Reinhardt, drunk and disorderly, fined $2 and costs. Paid.

William Markley, disorderly, fined $2 and costs. Paid.

Two daughters of Wm. Markley, disorderly; one fined $2 and costs, and the other discharged. First paid.

H. H. Smith, disorderly, tried by jury and discharged. Smith is the man who runs the dance at Treat's Hall.

THE PRAIRIE DU CHIEN LEADER having made favorable notice of the mush and milk served up at KANE'S Hotel in that place,—CLODIUS says:

"We mean to go out and see those KANES, just to get out of the old fashioned dishes. It is worth going clear to Prairie du Chien after. Save us one, KANE."

What a fellow it is after sop. Apple rolls must have gin out, judging from his hungry style.

POLICE ARRESTS.—We are indebted to policeman RODER, of the Station House, for the following list of arrests during the month of May:

Grand larceny 4, petty larceny 13, receiver of stolen property 1, threat to burn 1, threat to kill 1, embezzlement 1, selling liquor without license 1, keeping house of ill-fame 3, assault and battery 12, insane 2, vagrancy 5, disorderly 17, drunk 41, for various other petty offences 5—total 106.

MUSCLE AT A DISCOUNT IN NEW YORK.—The "mill" which was to have come off last Monday on Riker's Island, just out of New York city, was frustrated by the police, inasmuch as the tug that was to carry the spectators, was taken possession of by the officers, and one of the principals and one of the seconds are now completing their training in the classic shades of "the Toombs."

THE WISCONSIN apologises for its stupidity in regard to the supervisors of Waukesha County, by saying, sometimes an item is laid over for want of room and not published until a day after. We accept the apology; it would be an excellent idea if the *whole paper* was laid over, until the responsible Editor returns.

SPALDING'S PREPARED GLUE, the same that VAN AMBURGH glued his lion together with, is doing wonders hereabouts. A boy up town glued his play wagon together "wrong side up," and the glue did its duty so well, that the wagon had to be broken again before it could be made right.—*Springfield Republican, Aug. 19, 1859.*

KILLED BY THE KICK OF A HORSE.—Mr. ALLERDING, living just north of this city, on the Green Bay road, was thrown from a vehicle on Thursday, and killed by a kick of the horse. Mr. ALLERDING was an old German citizen, much respected and widely known.

THE REPUBLICAN "BOYS" of Beaver Dam have organized a Wide-Awake Club. Are the Milwaukee "boys" wide awake or sound asleep?

THE Columbus (Wis.) *Journal* says there are ten different languages spoken in that place, besides several that are not spoken, and could not be understood if they were.

LET ALL WHO HAVE THE BLUES READ THIS!—Why should any one be discouraged? Mr. J. B. Martin informed me to day that he has purchased 40 feet by 120, corner of East Water and Wisconsin streets, for which he pays five hundred dollars per foot, making twenty thousand dollars. He intends to put up stores, offices, &c., &c., on the same, which will be an ornament to the city, and will cost him from thirty to forty thousand dollars. I think we should all feel brighter than we do, and our friend J. B. Martin deserves much praise, for you will remember that he was the first man who took the responsibility of erecting the magnificent blocks of stores in our city several years ago.

Presidential Election!

THE GREAT CAMPAIGN OF 1860 OPEN!!

Let Every Republican Prepare for the Conflict!!

Circulate Truth among the People!!

THE WEEKLY SENTINEL

Six Months for Less than Cost of Paper and Printing!!!

READ AND BE CONVINCED!

The present campaign is to be a memorable one. The battle will be fought zealously between the friends and the enemies of Freedom, and the ground contested inch by inch. In view of these facts, it is apparent that the dissemination of Republican papers and documents becomes of vast and vital importance. In order to furnish the WEEKLY SENTINEL to the people of the North-West, during the Campaign of 1860, we have concluded to offer the paper, FROM THE 1ST OF JUNE TO THE 1ST OF DECEMBER, at the following unprecedented liberal terms:

One Copy for	$0 50
Twenty Copies, (to one address)	$9 00
Fifty " "	$20 00
One Hundred do " "	$35 00

These terms will barely cover the cost of paper before it is printed; but we have determined to put the price so low that every individual Republican, or organized Club, in this or adjoining States, will use their best endeavors to scatter the SENTINEL broadcast in their particular localities, and thus accomplish more than by the circulation of *ten times* as many documents in any other form. Every Campaign subscriber will receive the full returns of the election in November.

We need not urge upon our Republican friends the importance of placing this sheet in the hands of all. Let NO VOTER, or family in the State, be without the SENTINEL during the Campaign. Wheresoever *facts* are read and the people have access to *truth*, Republicanism prevails.

Send in your orders as early as possible.

☞ Address JERMAIN & BRIGHTMAN.

MILWAUKEE, May 22, 1860.

THE
Campaign Edition!
OF THE
DAILY AND WEEKLY ATLAS!

THE PUBLISHER of the Milwaukee Daily and Weekly ATLAS hereby informs the Republicans of the State of Wisconsin, and especially the Republican Clubs, that he will publish a

German Republican Campaign Paper,

Up to a week after election, at 75 cents a single copy, and $5,00 for ten copies, directed to one address.

The issue before the people is, whether slavery or freedom shall govern this country. The ATLAS advocates free principles, and will, united with the freemen of the North and South, help to carry out the object of the Republican party, and to elect the standard bearer selected in the Chicago Convention.

This campaign edition will be one of the largest weeklies of the State, and, besides numerous editorials about the political questions of the day, will contain all political news and general intelligence.

I GIVE THIS NOTICE THAT I ATTEND to all Real Estate operations. I am well posted in all operations that are going on throughout the city. I do not pretend or wish it understood that I am very smart; but one thing I do: I attend to all business left with me. There are many additions made to land agencies in this city, and one would infer from it that great operations in Real Estate will come off this summer, and there is no reason why it should be otherwise. I will commence next week to make my visit through every Ward in the city and let all know what is going on. Republican Consistency.

> The Sentinel berates Senator Douglas for voting for the confirmation of Mr. Benham as U. S. District Attorney for California, because Mr. Benham acted as the second of Judge Terry who fought a duel with Mr. Broderick; and at the same time urges, or rather insists upon the re-election of Potter to Congress, because he accepted a challenge to fight a duel, chose a second, and selected Bowie Knives for weapons. That looks to us like "straining at a gnat and swallowing a camel."—*News, of yesterday.*

The two cases cited by the *News* are in no wise parallel. Senator BRODERICK, as our readers may remember, was hunted down and deliberately killed by Judge TERRY, for political reasons. BENHAM aided and abetted the murder. Senator BRODERICK, when living, was one of Mr. DOUGLAS' warmest and truest friends, and yet Mr. DOUGLAS had no hesitation in voting to confirm one of his murderers as U. S. District Attorney for California. This seems to us a most ungrateful return for such services as BRODERICK had rendered, and a cruel insult to his memory.

The Great Meeting in Philadelphia.

The great LINCOLN Ratification Meeting held in Philadelphia, on Saturday evening, was a formidable political demonstration. Among the numerous delegations who marched to the common centre of interest, a large body of men came down from one of the upper wards, drawn in an immense car, the sides of which bore the device, "The Fillmore Rangers of '56—All Right for ABE LINCOLN in '60."

The really triumphant character of this meeting may be judged from the tone of the following comment on it by the Philadelphia *Press*, (Democratic) which publishes a large supplement giving reports of the speeches. Says the *Press*:

"We present a full, graphic, and *expensive* report of the first mass meeting of the Republicans of Philadelphia city, held last Saturday evening at Independence Square. In order to accommodate our columns to the pressure created by this report, we have issued a supplement, which will be furnished to our subscribers this morning.

The meeting was a very imposing and enthusiastic one. It seemed to be a combination of all the elements of the opposition, not the least of which was the prominence of the American and commercial elements. It indicated that the friends of Bell and Everett were far from indifferent to the success of Lincoln and Hamlin. And it is but just to add that, in most of the speeches of the eminent public men who addressed the assembled thousands, there was a conservatism and a generosity that spoke loudly against the insane charges of the fire-eaters of the South upon the Republican party. Mr. Sherman, of Ohio, was loudly and always applauded for his frankness in this respect.

It is now more than ever manifest that if such meetings can be held in Philadelphia, where Republicanism has not, heretofore, been strong, the Democracy must rouse itself at Baltimore on the 18th of June, and by putting its heel upon Disunion, entitle itself to that command of the Union sentiment of the country, which any other course would enable the Republicans to capture."

SOUTHERN INTOLERANCE.—The Charleston *Mercury* pounces upon men who dare to be Republicans, as follows:

"Among the list of Vice-Presidents and Secretaries of the Black Republican Convention, late in session at Chicago, we observe the names of R. G. HAZZARD and R. R. HAZZARD, both of Rhode Island. The objects had in view by the Convention were declared in their charming platform—High Tariff, Internal Improvement, Abolition. These men, R. G. HAZZARD and R. R. HAZZARD—father and son—are the manufacturers of that article so extensively used throughout the South—'*Hazzard's Plains.*' These men have become rich through trade almost exclusively with the South, and here they are prominently enrolled amongst her organized and avowed enemies. Would it not be well that they should be made to feel their treachery, by a general exclusion from the Southern market of all goods coming from their manufactory, by a simple refusal of all the planters to buy another yard of '*Hazzard's Plains?*'"

AN EXHORTATION TO GO TO THE WALL.—Mr. YANCEY, of Alabama, in his speech at the Charleston Convention in favor of the Slave Code resolutions, exhorted the Northern Democracy "to go to the wall," if need be, in support of the Slave Code dogma. He said:

> "Go to the wall, upon this issue if events demand it. Accept defeat upon it. Let the threatened thunders roll and lightning flash through the sky, and let the dark cloud be pointed out by you, now resting on the Southern horizon. Let them know that our people are in earnest, and in accepting defeat upon that issue, my countrymen, you are bound to rise, if there is virtue in the Constitution."

Mr. YANCEY's exhortation was quite needless. The Democracy, Northern and Southern, will both go to the wall next November.

> HIGHLY FAVORED.—Two negro shows were given in this city last Wednesday evening. One was at Albany Hall and conducted by Governor Randall, Carl Schurz & Co., and the other at the Academy of Music by Hooley & Campbell's Minstrels.—*News of yesterday.*
>
> The Lincolnpoops last week endeavored to get up an enthusiastic ratification meeting. The 'big guns' that were announced to be present didn't come. Bill Roberts addressed the meeting in his usual grandiloquent style. Speeches were made by two or three others; after which a few rails were exhibited as evidence of Lincoln's qualifications for the Presidency.—*Racine Democrat.*

Our Democratic cotemporaries may gratify a small spite by these ill natured flings at their Republican fellow-citizens; but we do not think that they will profit their cause, or please their readers, by such talk.

A SOUTHERN OPINION.—The Augusta (Ga.) *Chronicle & Sentinel* says that "the Chicago ticket is confessedly a very strong one, and LINCOLN, a rough specimen of the Western Hoosier, will sweep the North-West like a herd of wild buffalo on the prairies. Against all comers we consider him certain to carry Ohio, Michigan, Wisconsin, Iowa, Minnesota, Maine, New Hampshire, Vermont, Massachusetts and New York—108 votes." The battle-field, our Southern cotemporary thinks, will be the States of Pennsylvania and New Jersey.

SENATOR BENJAMIN ON LINCOLN.—Senator BENJAMIN, in his recent speech, read the interrogatories put to LINCOLN by DOUGLAS in their canvass of Illinois in 1858, and LINCOLN's replies. Upon them he commented thus:

"It is impossible, Mr. President, however we differ in opinion with the man, not to admire the perfect candor and frankness with which these answers were given—no equivocation—no evasion."

IMMIGRATION TO CANADA.—The Hamilton (C. W.) *Times*, comparing the large number of immigrants to the United States with the small number who seek the Canadas expresses its regret that emigrants from Europe use the St. Lawrence and Grand Trunk Route only to get to the United States, and adds that the policy of the province must be changed before any large additions can be made to the number of its people.

A frequenter of public dinners complains of the overwhelming quantity of dry toast.

Senator Cameron and Mr. Seward.

Senator CAMERON proceeded to Harrisburg on Friday last, to preside at a Republican Ratification meeting on that evening. He prefaced a glowing and truthful eulogy of Messrs. LINCOLN and HAMLIN, with the following allusions to himself and Mr. SEWARD:

"Mr. Cameron said:—I thank you, friends, for the invitation to be present with you to-night, and for the opportunity it affords me of conferring with you concerning recent events. I have come, at your bidding, from my place in the Senate, to join with you in ratifying the action of the representatives of our party at Chicago. Not even the profound respect I bear for you could induce me to do so had I not clearly ascertained that no harm could come to the Tariff bill, in which you are so deeply interested, during my brief absence.

It may be proper that I should briefly allude to myself before proceeding further. I need scarcely say to you that I have no feeling of personal disappointment in the result. The high office which you, together with the people of this great State, would have conferred upon me, has for me no charms; and while I was justly proud of the demonstration in my behalf, I have never for a moment felt equal to the proper discharge of the duties appertaining to it. It is surrounded with cares and anxieties which a brave man might fear to approach; yet the place is so high that no true patriot is at liberty to decline it when it is offered for his acceptance. I have had but one sentiment and one interest in regard to the nomination of a candidate for the Presidency, and that is, that the candidate selected should be true to the interests of Pennsylvania, which I believe to be the interests of the whole country; *and in this connection I did hope the person fixed upon would have been the favorite son of our sister State, William H. Seward.* I knew, as did the entire country, that he, through a long and useful course of public life, had been the able and zealous advocate of all measures which promised protection and encouragement to free white labor.

While representing a State whose prosperity is believed to depend mainly upon the commerce of her great metropolis, he had that foresight, so characteristic of a great statesman, which enabled him to remember that the coal and the iron of Pennsylvania, and the agricultural products of other States, as well as their varied and important manufacturing interests, must be combined, in order that their full effect and force might be brought to bear upon the great progressive commercial interests of his own. On more than one occasion, when the interests of Pennsylvania have been threatened, he has nobly come to the rescue of those interests, prompted alone by a far-seeing patriotism. Pennsylvania could well, in return, as a mark of her respect for his ability, and confidence in his integrity, have entrusted to him her destiny, as well as the interests of the great family of States. But I am aware that many men, entertaining like opinions of Mr. Seward's statesmanship, and public services, have coupled it with a doubt as to his availability for the Presidential race. As for me, I have had no doubts upon that subject. I have and ever had unlimited confidence in the intelligence and sagacity, as well as the virtue of the American people, and the people of Pennsylvania in no degree rank below the masses elsewhere in these qualities. Knowing the temper of the people from intimate relations it has been my good fortune to hold to them, I believe they were ready to take a representative man, and with him go forward to the work of re-organizing the government under such auspices as ruled when the destinies of the Republic were being shaped by the Washingtons, the Adamses, the Jeffersons and the Madisons of history."

Our Revenue System.

"Independent," the reliable Washington correspondent of the Philadelphia *North American*, thus gives in a nutshell the financial history of the present Administration and the evident needs of an improved revenue system:

"When this Administration came into office, in March, 1857, they found a balance in the Treasury of $17,710,714, and a public debt of some $29,000,000. The tariff of 1857 went into operation almost instantaneously. Let us see how the two worked together and what results they have produced. Within the first year the whole balance in the treasury was absorbed, and the debt increased to $44,910,777. On the first of July, 1859, the debt had increased to $58,754,699, according to the best information which can be obtained. It is thus stated that the deficit in the revenue under the tariff of 1857 is over $25,000,000. Since Mr. Buchanan became President, we have been going behind at the rate of $17,000,000 a year, and issuing Treasury notes to pay our creditors.

Such is the policy which our Administration, professing to be in favor of hard money currency, has introduced and illustrated at the cost of the American people. No candid man of any party can examine the facts which are here presented, without being astounded, and certainly not without being convinced that a radical change in our revenue system is absolutely needed, to provide means for carrying on the government, and maintaining the public credit. The interest on the present debt is within a fraction of $4,000,000 a year. That debt must either be increased, or a tariff must be passed which will meet the necessities of the treasury. The alternatives are a wise and sound policy, which will revive our prostrate industry, secure a home market to agriculture, start the wheels of enterprise, and furnish ample revenue, or new loans to oppress the energies of our people still more, and build up a mammoth debt for posterity to redeem. The Opposition have planted themselves on a fair tariff, and will stand there, leaving the responsibility with the Democratic majority of the Senate."

A REMINISCENCE OF SENATOR HAMLIN.—Ten years ago, when HANNIBAL HAMLIN was still a member of the Democratic party, he was re-elected to the United States Senate under circumstances which are fully explained in the following extract from the Augusta *Age*, of August 27, 1850:

"The Hon. Hannibal Hamlin, the regular Democratic nominee for United States Senator, was elected in both Houses of the Legislature on Thursday last. We congratulate the Democracy of the State upon the result. We rejoice that the question has been finally disposed of in a manner conformable to the wishes and expectations of a great majority of the Democratic party of Maine. The failure to elect Mr. Hamlin at an earlier period in the session was occasioned by the refusal of a small portion of the Democratic members to support him, the pretext of their opposition being the opinions he entertained upon the subject of the extension of slavery, and the determination which he cherished of obeying the resolutions of instructions passed by the last Legislature in relation to that subject. After repeated attempts to effect an election had been made, without success, several members of the Free Soil party, believing that there was an attempt on the part of the Democrats opposed to Mr. Hamlin to cut him down, in consequence of his opposition to the introduction of Slavery into territory now free, although not concurring with him in political opinions, voluntarily gave him their votes, amounting to ten in the House of Representatives and three in the Senate, which secured his election. It was certainly an act of magnanimity, which can not fail to be appreciated, and particularly as a free-will offering (from men who are in an opposing political organization) to Mr. Hamlin for his firm adherence to principles held in common, by them with the great mass of the people of the North, irrespective of party distinctions."

The News from Georgia Unfavorable to Douglas' Prospects—Proposed Compromise—Republican Ratification—Pacific Railroad.

Special Dispatch to the Cincinnati Gazette.

WASHINGTON, May 29.

The Douglas men are greatly alarmed by the News from Georgia, which indicates that the attempt to send Douglas delegates to Baltimore from the State will not be successful. The proposition there is to compromise on Seymour of New York, or Winslow of North Carolina. It is daily becoming evident that Douglas will not be nominated at Baltimore. His friends are being forced to this conclusion.

The Covode Committee had no quorum to-day.

The Republican Ratification meeting last night was a fine affair. Aldrich of Minnesota made an able speech, which was loudly applauded. There was no disturbance.

There is no prospect of the Pacific Railroad bill passing this session, owing to dissension in regard to the route. ALPHA.

Delaware Politics—The Secession Faction Sustained.

NEWCASTLE, Del., Monday, May 26.

Messrs. Bayard and Whitley addressed a meeting of the Regular Democracy on Saturday, and gave an account of their stewardship at Charleston. After an exciting discussion of over four hours, the meeting fully sustained the action of the seceding delegates. The County Convention also held a session, and instructed Messrs. Bayard and Whitley to resume their seats in the Convention at Baltimore, provided, in their opinion, the nationality of the Convention should be restored by the action of a sufficient portion of the regular delegations from the seceding Democratic States. There was only one negative vote in the Convention.

IN these degenerate days, character is weighed with a "cash balance."

How it Strikes a Naturalized Citizen Abroad.

For the Sentinel.

Col. ANNEKE, one of the active leaders in the German Revolution of 1848, who was imprisoned and sentenced to death for the part he took in that revolution, and is well known in this country as a writer and correspondent, thus writes to Mr. BOOTH from Zurich, Switzerland, under date of May 1st, 1860.

"FRIEND BOOTH:—I don't know whether the beadles of the nigger barons, in whose clutches you still are kept, will have the goodness to hand you these lines, or whether they will be afraid of letting pass into your bastile free words, that come from a really free country, where no kidnapping is allowed, where men are not treated "by law" like beasts, where the free soil is not stained by hunting human beings, and where every freeman regards it his duty to protect the liberty of his fellow men against any attempt of brutes.

"In the German New York *Democrat*, I read with great interest your appeal to the people of Wisconsin. Will they respond to it? Have they become so deeply degraded by corrupt political leaders, speech-makers and professional office-holders, as to be destitute of every feeling of shame, unconscious of the rapidly growing dangers which are threatening to destroy their liberties?

"The treatment you receive from the obedient tools of the nigger barons is unheard of even in the despotic States of this part of the world. When I was imprisoned for seven months by a despotical government, I was never deprived of light and air, or of reading and writing materials, and was allowed to take at least an hour's walk every day. But a slave-breeding and slave-hunting despotism is the worst scourge of mankind, and therefore it is not to be wondered at that its beadles are still worse than those of monarchial despotisms. Even my little boy PERCY, I learn, is not allowed to see you and play a game of chess with you. What great cowards a bad conscience makes of your jailors, that they are afraid of a boy ten years old! I don't see how you are ever to get free again except by another Declaration of Independence by the State of Wisconsin—an event not likely to happen as long as the good people of that State are bowed under the yoke of professional politicians. Yours,

F. ANNEKE."

Matters in Douglas County.

SUPERIOR, Lake Superior, May 23, '60.

EDS. SENTINEL:—The passage of the late act of the Legislature requiring the re-sale and re-advertising of delinquent taxes bought in by the county, would, if carried out, have been disastrous in its consequences to the people of Douglas county. We are surrounded by outside additions, viz: Barnes, Dubeaus, Hustis & Carson, Slaughters, Ely's, McKenty's, Hackers, &c., laid out generally in town lots, 25 by 120 feet, by pre-emptors in the flush times. The owners have left here—some for the mines, Pike's Peak, &c.,—and the probability is, never will redeem their additions. Is it just, that we, who pay our taxes, should suffer for the delinquencies of these pre-emptors? The expenses of the tax sale of 1859, were as follows: 10,834 3-4 parcels, printing of which cost 25 cents, $2,721 and 18 cts. Fees, recording certificates, copying, etc., $1,191 21. Total $3,911 38. Under the present law, all these charges would have been repeated. Upon information of the passage of this act, I immediately forwarded a remonstrance to the Legislature, sending the list of delinquents, advertising, &c. Our worthy representative, Mr. WHITTLESEY, went to work, had the rules suspended, and the bill for the postponement of our tax sale was passed through the House, and the next day through the Senate, and signed by the Governor. I hereby return the thanks of our tax-payers to the Governor and Legislature for protecting us, and saving Douglas county nearly $8,000, if not $10,000. I trust that the next Legislature will understand our unfortunate position, and pass an act for the encouragement of agriculture by vacating these additions.

J. S. RITCHIE.

Republicanism in Kentucky.

We find the following conclusive article as to the identity of the principles maintained in the Chicago Platform and those upheld by Henry Clay, in the Louisville *Journal* of a late date. It speaks well for Kentucky Republicanism:

In the *Journal's* article of the 19th, commenting on the nomination of Mr. Lincoln at Chicago, particular attention is called to the clause of the 8th section of the platform previously adopted, which is denounced in the following terms: "Thus the Republican party renews with fresh intensity its vows of hostility to the South."

Your attention is respectfully called to the following passages from Henry Clay's speeches in the Senate in 1850, placed in juxtaposition with the parallel passages of the Chicago platform:

Henry Clay's Speech in the Senate, 1850. "I take it for granted that what I have said will satisfy the Senate of that first truth, that slavery does not exist there by law unless slavery was carried there the moment the treaty was ratified under the operations of the Constitution of the United States."	*Section 8th, Chicago Platform.* "The normal condition of all the territory of the United States is that of freedom."
Henry Clay's Speech in the Senate, 1850. "I must say that the idea that *eo instanti* upon the consummation of the treaty the constitution of the United States spread itself over the acquired country and carried along with it the institution of slavery is so irreconcilable with any comprehension or any reason which I may possess, that I hardly know how to meet it."	*Section 7th Chicago Platform.* "The new dogma that the Constitution of its own force carries slavery into all or any of the Territories of the United States is a dangerous political heresy, at variance with the explicit provisions of that instrument itself."
Henry Clay's Speech in the Senate, 1850. "While I am willing to stand aside and make no legislative enactment one way or the other to lay off the Territories without the Wilmot Proviso on the one hand, or without an attempt to introduce a clause for the introduction of slavery into the Territories; while I am for rejecting both the one and the other, I must say that I cannot vote for any express provision recognizing the right to carry slaves there."	*Sec. 8th Chicago Platform—Last Clause.* "And we deny the authority of Congress, of a Territorial Legislature, or of any individual to give legal existence to slavery in any Territory of the United States."

Now, in these in both alike we have the three fundamental principles laid down:—First, that Slavery does not exist primarily in the Territories by law, and as a consequence that Freedom does. Secondly, that the Constitution does not carry it there.—Thirdly, that it should not be legislated there.

The only difference between the Republican platform and Henry Clay is that while the former denies the right to do a thing, the latter says he would not exercise it though he might possess the right; "vows" certainly hostile in the one case as in the other. In fact, if the hostility consists in denying to the South the legal sanction of Slavery in the Territories, Henry Clay's position is more hostile than the Chicago Platform, for it is more offensive to refuse a request by saying: "I can help you—but will not," than by saying: "I cannot help you—I have not the power." But we are not content to stand where Henry Clay stood. If he is hostile to the South, so are we. But was Henry Clay hostile to the South? The question is answered by its own statement, and reflects the stigma rather on those whose doctrines suggest the aspersion.

A CHICAGO DELEGATE.

Meeting of the Rival Roses.

Correspondence of the New York Tribune.

WASHINGTON, May 29, 1860.

An amusing incident occurred at Mrs. Blunt's reading at Willard's Concert Hall, on Saturday evening, which caused much comment. Two sofas were placed at the head of the room on opposite sides, so as to command the whole hall. When the audience was assembled, the President and his party walked in and occupied one. They had scarcely been seated when Mr. Douglas and his party entered from the side door and occupied the other. The rival roses thus sat eyeing each other with affectionate interest throughout, and greatly to the edification of a fashionable audience. The court flies never buzzed on the Douglas side, and officials had a sudden insensibility to his presence, who claim familiar terms on other occasions.

NO FIREARMS IN FREMONT'S MINES.—A San Francisco letter writer says: "The item is going the rounds, which I believe is true to the letter, that FREMONT will not allow any man in his mines, or mills, to carry weapons; and hence the marvelous peace and quiet that, after such terrible threats of explosion, has settled down upon Bear Valley."

Japanese Hospitality.

The Boston *Traveller* publishes a very interesting letter, giving an account of a visit paid by Commodore TATNALL and several of the officers of the *Powhattan*, in company with Minister HARRIS, to the Prime Minister of Japan, whose residence is in the "Imperial Castle" at Jeddo. The object of the visit was to settle certain arrangements for the departure and accommodation of the Embassy, now in this country. In connection with the hospitality now being bestowed upon the Japanese dignitaries by our government, the reciprocal courtesies paid the American representatives by the Imperial Court of that nation are peculiarly interesting. A comparison between the refinement of the two countries in this matter of political etiquette may be drawn:

"Punctually at half an hour past meridian the procession was put in motion. Mr. Harris taking the lead with a stout Japanese in front of him bearing the American flag; next came the Flag Officer, these two having each eight bearers; then the Captain, followed in single file by the First Lieutenant, and the Interpreter of the Legation, a most estimable and valuable Dutch gentleman of the name of Huesken. We marched in solemn quiet through the streets, a distance of nearly five miles—the curious populace peeping at us with our cocked hats and laced coats, with eager wonder; but our chances for seeing much of the city as we passed along were very indifferent, the proximity of our line of vision to the ground being such as to permit us to see no more than the lower portions of the buildings as well as of the people, excepting when we came to a turn in the way, when we could catch a passing glimpse of more distant objects.

We could see quite enough, however, to satisfy us that we were passing through a part of the city occupied by wealthy and powerful citizens, as the buildings were of immense dimensions and constructed of the most substantial materials, evidently put together by the hands of the most skillful artisans. On either side of the wide street were to be seen very handsome stone structures extending three or four hundred feet under one roof (consisting of beautiful tiles,) and with massive wooden doors in the centre, ornamented and strengthened with copper plates, hinges and fastenings, the wood being lacquered red, green, or some other fancy color. These buildings, we were informed, were the residences of Damois, or hereditary princes of the Empire, and each one occupies about a square mile of ground, and contains several thousand inhabitants, varying according to the wealth and dignity of the owner.

Approaching the palace of the Prime Minister, we passed through three high and massive stone walls having large gates attended or guarded by soldiery, having fire arms of some description, all kept in the finest condition, but it was impossible to ascertain at a hasty glance what amount of damage they were capable of doing an intruder. These gates are about a quarter of a mile apart, and we found the Prime Minister's palace just inside the third one, where we were received without any military parade or demonstration, but in the most courteous and cordial manner, by some of the attendant officials, who escorted us through three long wide halls, or verandahs, to the hall of audience, where we found his Excellency, with several other officers of State, standing at the door to receive us. We were immediately shown to our seats, on the right side of the room, while the Ministers ranged themselves on the opposite side, distant some ten or twelve feet, the interpreters taking their stations between us, on their knees, and the officials being ranged in the same posture along the left side of the room. A small table was placed in front of each guest, and they were seated in large cushioned chairs, polished with black lacquer.

The compliments of the season being passed, some ten or twelve neat-looking servants marched in, placed upon each table a variety of confectionery, with pipes and tobacco, and small cups of delicious powdered tea, of which we were soon invited to partake; but the Flag Officer, having some official communication to make to the Prime Minister, requested that this might be received previous to commencing the attack upon the edibles. The Flag Officer then proposed to the Minister, through the interpreter, Mr. Huesken, the propriety of going to the United States via the Cape of Good Hope, explaining the numerous advantages of that route over that via Panama. Having listened attentively and with great coutesy to all the Flag Officer's suggestions, the Prime Minister referred the question of the route to the Ambassadors, who were present, and as they expressed a decided preference for the Panama route, of course the question was definitely settled then and there, and we made up our minds to the anticipated discomforts of the voyage between Jeddo and San Francisco in the winter season, hoping that they might not prove quite so disastrous, after all.

The onslaught upon the infinite variety of good things which were placed before us could be no longer deferred, and we found everything we tasted exceedingly delicate and palatable. There were no less than twenty or thirty different dishes, and we were expected to partake of them all as a matter of politeness—a duty which we found it by no means difficult to perform.

Having completed this part of the performance, we were about rising to retire, when we were solicited to remain and converse awhile, all business transactions being concluded—an invitation which we were not loth to accept, as we were infinitely pleased with what we saw. The ministers then entered into the most unreserved conversation about the elegance of our uniforms, admiring exceedingly the epaulettes, cocked hats, &c. After a little badinage of this sort, we quietly took our leave, being escorted to the entrance by the same officials who had escorted us into the presence of the Prime Minister.

I was altogether the most handsomely arranged affair of the sort it has ever been my fortune to witness, and elevated the Japanese Government and people in my estimation more than any other event that has ever occurred in my visit to the country. I should not omit to mention however, that shortly previous to our rising to depart, a small army of servants marched into the room with a beautiful box, about four feet long and eight inches square, tied around the center with a large green silk cord, and a large tray beautifully made, upon which were placed five rods of silk of most elaborate manufacture, all of which were presented by the Prime Minister to the Flag Officer, and a similar tray, without the box (and which contained a magnificent sword blade) was presented to the United States Minister Resident.

The servants then marched out, and soon returned with a tray of the same sort, holding five pieces of silk of the same description, to present to the captain; then away they went again, and returned with twelve trays of smaller size, upon which were placed *three* pieces of silk for the First Officer, and twenty-two pieces of beautiful crape, red and white, for the eleven other commissioned officers of the ship. All these beautiful articles were received with expressions of thanks, and in token of our high respect and esteem for the Japanese Government and its officers, who are certainly not to be excelled by any people in the world, in the degree of refinement, and sincerity with which their hospitalities are extended."

Rarey, the Horse Tamer, in Syria—Mr. Seward's Horses.

Correspondence of the Boston Traveller.

BEIRUT, March 29, 1860.

Our distinguished countryman Mr. J. S. Rarey, after winning golden opinions in England and France, where he has amassed a large fortune, has been spending some time in the desert of Arabia, among the Arabs and their fine horses, in subduing the ferocity of the Pacha's stud, and by an exhibition of his power over the horse creation before the resident Consuls.

In Beirut, Mr. Rarey received the attention to which his reputation entitled him: and the American and European Consuls General treated him with great respect.

One incident connected with the visit of Mr. Rarey to Syria is of peculiar interest.—Mr. Johnson, the U. S. Consul, introduced him to the somewhat famous Ayoub Bey, who presented Hon. W. H. Seward of New York, while visiting this country last summer, with three fine Arabian horses, which are to be forwarded to the United States by first opportunity. Inasmuch as Ayoub Bey claimed for these horses the best blood in Syria, our Consul was anxious to obtain Mr. Rarey's opinion upon these specimen horses, which are so soon to be shipped to Auburn, N. Y. The Bey ordered out the Seward horses, or two of them rather, for one was absent in the mountains, and they were trotted up and down the paved courtyard, to the great delight of those who were gathered to witness some grand exhibition.

There was no exhibition, but Mr. Rarey, after examining them thoroughly, declared himself better pleased with them than any other he had ever seen in Syria. One is a colt of two years, and the other a large bay of seven years.

I am loth to say that Mr. Rarey, was somewhat disappointed in Arabian horses, inasmuch as he declares them to be undersized and inferior to many horses he had ever seen in America and England. But as he had no experience in trying their speed or endurance, and speaks simply in reference to their appearance and display when in motion, his expression of dissatisfaction may be received in a very qualified sense.

The horses of Syria are mild and gentle in disposition, and very few require the skill of the great American horse tamer to make tractable, for it would seem that every Arab is by nature a horse tamer, and doubtless possesses the same system exhibited by Rarey, who declares that he controls the horse by no great secret or any personal influence, but by a system at once simple and natural, which can be practiced by others as well as by himself.

—A Reliable Guide to—

PIKE'S PEAK,

UTAH, OREGON AND CALIFORNIA.

THE PRAIRIE TRAVELER,

A HANDBOOK FOR OVERLAND EMIGRANTS. With Maps, Illustrations, and Itineraries of the Principal Routes between the Mississippi and the Pacific,

BY RANDOLPH B. MARCY,

CAPTAIN U. S. ARMY.

Published by Authority of the War Department.

12mo, Muslin, $1.00.

NO MAN INTENDING TO VISIT Pike's Peak will be without this book, if he knows how important it is to him, as it contains, among other things, itineraries of the best roads that have been traveled, from the Missouri River, with the measured distances between each camping place, and a minute description of the wood, water and grass. Capt. Marcy, who is perfectly familiar with the country about Pike's Peak, has given an accurate description of it, with a map, which will be found in the book.

Should the emigrant, after his arrival at Pike's Peak, desire to go to New York, Utah, Oregon, or to the newly discovered Washoe Mines in Carson Valley, he will find among the numerous itineraries the most careful and minute descriptions of the best roads to each place.

With this book in his hand the traveler will be able on starting out from each camp, to tell precisely how far he has to go before he reaches the next camping place, which will enable him to regulate his drives to the best advantage for his animals.

JUNIUS JUDSON,

PATENTEE AND MANUFACTURER OF

JUDSON'S PATENT

GOVERNOR VALVES,

FOR REGULATING THE

MOTION OF STEAM ENGINES,

WARRANTED THE MOST PERFECT Governor of Steam Power in the world, and like all really great inventions, the most simple. Manufactured by Judson & Snow, at Rochester, N. Y., Selye Buildings, near R. R. Depot.

Shop Rights for sale.

CAUTION TO INFRINGERS.

Patent issued in the United States, Nov. 5th, 1849. Reissued, Jan. 4th, 1854. Second Patent, March 4th, 1851. Patented also in Great Britain and the Canadas, June 6th 1851.

This improvement consists in making regulating valves to open with a rapidly increasing ratio of opening, by increasing the width of the opening made in the valve—or by accelerating the opening motion of the ordinary valves in use—or by combining increased width of opening, with accelerated valve motion. My patent Valves and Governors are so arranged as to give the resistance to the piston's motion, (or retard of the engine,) the power to open the valve just the exact amount of aperture necessary to counteract that resistance; and from the aperture, by the addition of equal amounts of resistance, notwithstanding that the action of the governor is continually decreasing in its effects.

I therefore reverse the action of valves combined with governors, as heretofore used. And as this effect can be produced by many different mechanical devices, (apparently not similar, but really identical with my improvement,) by which infringers have imposed upon the public, I therefore caution and request all persons interested, to examine carefully all alleged improvements in valves or governors, to see if the application of this truth or principle, first discovered and applied by me, is not involved in their arrangements;—and thereby prevent a fraud upon the purchaser and inventor, both of which are at present much annoyed by their piratical depredations.

SOYER'S SULTANA'S SAUCE.

For Hot and Cold Dishes of all Kinds.

THIS MOST DELICIOUS and appetising Sauce, invented by the renowned "SOYER," for the London Reform Club, is, since his decease, manufactured by the well known house of CROSSE & BLACKWELL, London, from the original recipe. It is the favorite sauce in England and on the Continent, with a high and growing reputation among American Epicures, and is much approved of as a stimulant to the appetite and aid in digestion.

Opinions of the London Press.

"We recommend our correspondent to try MONS. SOYER's new Sauce, entitled the 'Sultana's Sauce.' It is made after the Turkish recipe; its flavor is excellent, and it affords considerable aid in cases of SLOW AND WEAK DIGESTION."—*The Lancet.*

"Savory, Piquant and Spicy, worthy the genius of Soyer."—*Observer.*

"A most valuable adjunct to Fish, Flesh and Fowl, and should have a place on every table."—*Atlas.*

SAVE YOUR CARPETS!

THE GREAT ENQUIRY HAS BEEN made for a number of years by housekeepers, What shall we put under our carpets to protect them from wear and moth? This grand, valuable discovery was affected and patented April 1st, 1856, by J. R. HARRINGTON, and is called

Harrington's Patent Carpet Lining.

This article having proved its utility has now come into general use, so much so that scarcely a carpet will be put down without it, and its cheapness puts it within the reach of every family. It is warranted to add fifty per cent to the durability of Carpets. Oil Cloths and Matting. The details of its merits are too numerous to mention. It can be obtained at any of the principal Carpet Stores throughout the United States, and is manufactured only by the New York Carpet Lining Company. Also extensive manufacturers of Mammoth Cotton Batting, and Comfortables. The best and cheapest that have ever been introduced in the market.

Office 11 Dey St.; Salesroom 440 Pearl St., New York.

All orders of information requested will be attended to with promptness and dispatch.

This caution is rendered essentially necessary, as large quantities of inferior and defective Linens are prepared, season after season and sealed with the name of RICHARDSON, by Irish Houses, who, regardless of the injury thus inflicted alike on the American consumer and the manufacturers of the genuine Goods, will not readily abandon a business so profitable while purchasers can be imposed on with Goods of a worthless character

THE GREATEST MEDICAL DISCOVERY OF THE AGE.

MR. KENNEDY, OF ROXBURY, HAS discovered in one of our common pasture weeds a remedy that cures

EVERY KIND OF HUMOR

FROM

THE WORST SCROFULA DOWN TO A COMMON PIMPLE.

He has tried it in over eleven hundred cases, and never failed except in two cases, both thunder humor. He has now in his possession over one hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of pimples on the face.

Two or three bottles will cure the system of biles.

Two bottles are warranted to cure the worst canker in the stomach.

Three or five bottles are warranted to cure the worst kind of Erysipelas.

One to two bottles are warranted to cure all humor in the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruptions of the skin.

Two or three bottles are warranted to cure the worst kind of ringworm.

Two or three bottles are warranted to cure the most desperate case of rheumatism.

Three or four bottles are warranted to cure salt rheum.

Five to eight bottles will cure the worst case of scrofula.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

ROXBURY, Mass.

DEAR MADAM:—The reputation of the Medical Discovery, in curing all kinds of humors, is so well established, by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the most skillful physicians and the most careful druggists in the country are unanimous in its praise.

In presenting the Medical Discovery to your notice, I do it with a full knowledge of its curative powers, in relieving all, and curing most of the diseases to which you are unfortunately so liable. That most excruciating disease to an affectionate mother.

NURSING SORE MOUTH

is cured as if by a miracle; your own temper is restored to its natural sweetness, and your babe from short and fretful naps to calm and sweet slumbers; and the Medical Discovery becomes a fountain of blessings to your husband and household.

In the more advanced stages of

CANKER

it extends to the stomach, causing

DYSPEPSIA

which is nothing but canker on the stomach; then on the intestines and

KIDNEYS

creating a sinking, gone feeling, and an indifference even to the cares of your family.

Your stomach is

RAW AND INFLAMED,

your food distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains, as the acrimonious fluid of the canker eats it up; then your complexion loses its bloom and becomes sallow or greenish, and your best day is gone. For want of nourishment your system becomes loose and flabby, and the fibres of your body become relaxed. Then follows a train of diseases which the Medical Discovery is peculiarly adapted to

CURE;

Palpitation of the heart, pain in the side, weakness of the spine and small of the back, pain of the hip-joint when you retire, irregularity of the bowels, and also that most excruciating of diseases the

PILES.

How many thousands of poor women are suffering from this disease and pining away a miserable life, and their next door neighbor does not know the cause. I wish to impress on your mind that good old proverb, "an ounce of prevention is better than a pound of cure." In the

MEDICAL DISCOVERY

you have both the preventative and the cure, with this great and good quality, that it will never, under any circumstances, do you an injury. Yours truly,

DONALD KENNEDY.

DR. CHURCHILL'S REMEDY.

WINCHESTER'S GENUINE PREPARATION OF THE

HYPOPHOSPHITES

OF LIME AND OF SODA,

(Made from the Formula of Dr. J. F. Churchill,)

FOR THE PREVENTION AND CURE OF

CONSUMPTION!

THE SUCCESS OF THIS NEW REMEDY, (discovered by Dr. Churchill, of Paris,) is obtaining the most UNBOUNDED POPULARITY throughout Europe and the United States. It is a purely SCIENTIFIC PREPARATION, and acts with INVARIABLE EFFICACY in all stages of Pulmonary and Nervous Diseases.

This *Remedy* has not only a curative effect, but will, if used wherever there exists a suspicion of the disease, PREVENT ITS DEVELOPMENT, and thus act, *as a preservative with regard to Consumption, just as vaccination does with regard to small-pox.*

What the Medical Profession Say.

"In no instance have I found the Remedy to fail."—*Dr. Churchill.*

"I have used your preparation of the Hypophosphites *with the most happy effect.*"—*C. Fisher, M. D., Lyonville, Ill.*

"*I have been astonished in witnessing the good effects of the Hypophosphites.* The statements in your pamphlet are not at all exaggerated. My patient was just entering the last stage of tubercular consumption."—*S. Moses, M. D., Hoosic Falls, N. Y.*

"They exert an important remedial influence over the tubercular disease by *improving the nervous strength and invigorating the nutritive functions.*"—*Dr. W. E. Rust, Morristown, N. J.*

"I have derived more satisfaction from the use of your Hypophosphites *than from all other forms of medication combined.*"—*Dr. Geo. W. Maris, Columbus, O.*

"If, on the earliest appearance of the symptoms, the patient takes daily about ten grains of the Hypophosphites, he will speedily find himself in the enjoyment of such health as he, perhaps, had never known in his life before."

"Winchester's Hypophosphites are unexceptional in their preparation."—Am. Druggists' Circular.

"Mr. Winchester is worthy of all confidence, and devotes himself enthusiastically to these preparations in all their variety of combination. Prepared strictly by Dr. Churchill's method."—D. Meredith Reese, M. D., New York.

"LOWELL, O., July 5, 1859.—I have had several cases given up by attending physicians who are now exempt from all the symptoms of pulmonary disease.—I have used the Remedy in my own case, with decided success. It was regarded as hopeless by physicians and friends, and even by myself, under the 'old treatment.' I am now able to ride, in attending the sick, as many miles, perhaps, in a day, as any other physician in the country."—*W. F. Clark, M. D.*

"The Hypophosphites are most appropriate Remedies in large class of affections resulting from loss of nervous force."—Boston Medical and Surgical Journal.

Dr. Churchill's Work on Consumption,

IS NOW READY.

The Hypophosphites may be used with incurable success in Chronic Bronchitis, Asthma, Dyspepsia, and in all "Nervous" Disorders.

Make no Delay!

Consumptives, in any stage of the disease, should resort immediately to the use of the Hypophosphites of Lime and Soda. "Winchester's Genuine Preparation" (in simple syrup), in extra large bottles, is "chemically pure"; is the combination proposed by Dr. Churchill "for general use"; and is prepared according to his original Formula.

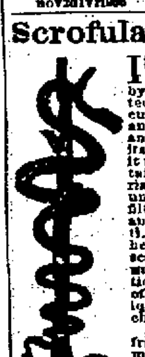
Scrofula, or King's Evil,



IS A CONSTITUTIONAL disease, a corruption of the blood, by which this blood becomes vitiated, weak and poor. Being in the circulation, it pervades the whole body, and may burst out in disease upon any part of it. No organ is free from its attacks, nor is there any one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which engenders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous: their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S

Compound Extract of Sarsaparilla

The most effectual remedy which the medical skill of our times can devise for this everywhere prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as Eruptive and Skin Diseases, St. Anthony's Fire, Rose, or Erysipelas, Pimples, Pustules, Blotches, Blains and Boils, Tumors, Tetter and Salt Rheum, Scald Head, Ringworm, Syphilitic and Mercurial Diseases, Dropsy, Dyspepsia, Debility, and, indeed, all complaints arising from Vitiated or Impure Blood. The popular belief in "impurity of the blood" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

REPORTED BY THE N. Y. ASSOCIATED PRESS FOR THE DAILY SENTINEL.

Washington Matters

WASHINGTON, May 31—9 P. M

Pending the question to re-consider the vote by which the Mexican treaty was rejected, Senators will have an opportunity to consider the effect of their action to-day. It is supposed the rejection of the Nicaragua treaty, by the votes of nearly all the Republican Senators, had not a little influence on the rejection of the Mexican treaty.

The War Department to-day telegraphed the commander at Camp Floyd, directing adequate protection from Salt Lake to Carson Valley, which will effectually guard emigrants and the mails, and secure the safety of the pony express in future.

It is proposed that the bill which passed the House to day, providing for the establishment of a government printing office, shall go into effect on the 4th of March, 1861.

The Japanese to-day declared their purpose not to leave this city until they started for home.

The Senate has confirmed the nomination of Mr. Beebe as Secretary of Kansas. Mr. Beebe is a Northern man appointed on the recommendation of Senator Green.

By order of the Secretary of War the ordinance department at Leavenworth, Kansas, is made an arsenal, and will hereafter be known and designated as the Leavenworth arsenal.

Maj. Haynes is assigned to the command of the arsenal at Leavenworth.

The President sent to the Senate to-day, the name of Wm Churchwell, of Tenn, as Minister to Guatamala and Honduras, also that of Mr. Prescott as Assistant Secretary of State.

The Japanese Embassy.

WASHINGTON, June 1—3 P. M.

The programme of the movements of the Japanese is as follows:

They leave Washington for Baltimore on the 5th of June, and the latter city on 6th, arriving at Philadelphia on the 7th. Leaving Philadelphia on the 11th, arrive at Niagara on the 12th, and at Albany on the 14th They will arrive at Boston on the 15th, and leave the 17th. They will remain in New York from the 20th to the 30th At Buffalo they will make a trip on Lake Erie.

As there is no probability that the steamship Niagara will be ready before the 7th of July, they will arrive at New York with time to spare, should there be a change in the above programme.

Some of the Japanese are learning the daguerreotype business at Brady's gallery, and are apt scholars.

LATEST NEWS!

BY LAST NIGHT'S REPORT

Congressional Proceedings.

WASHINGTON, June 1—9 P. M.

HOUSE.—Mr. Reynolds, from the Committee on Judiciary, reported a bill providing that any United States Marshal, Deputy Marshal, or other ministerial officer, who shall permit the escape of criminals in their custody, whether charged with offences under the laws of the United States or those of a foreign Government with whom we have treaties of extradition, shall be guilty of a misdemeanor and shall be fined and imprisoned according to the decision of the Counsel, having respect to the nature of the crime with which the prisoner is charged. The bill passed

Mr. Winslow, rising to a question of privilege, called for the reading of extracts from the Covode Committee, of which he is a member, by which it appears he desired to subpoena certain citizens of Luzerne county, Penn.

To this Mr. Covode interposed that he had in his possession the names of 100 persons as witnesses, but, as in evidence, they had no direct connection with the Government, he declined to summon them.

It appears further from the record that Mr. Winslow applied for those witnesses in April, but they had never been summoned.—He had been informed on authority said to be reliable—not by anonymous letters—that large sums of money had been used to secure the election of Mr. Scranton, of this House.

Mr. Covode to this replied that he would vote to subpoena witnesses, if that gentleman could trace back the use of the money to the Government, and as Mr. Scranton was here, he would summon him.

Mr. Winslow's request was refused.

Messrs. Winslow and Robinson, of Illinois, voted in the affirmative, and Messrs. Covode and Train in the negative.

It was also Mr. Winslow's request that this matter be submitted to the House at a subsequent period. Mr Winslow wished to subpoena Mr. McMillen, and several others, of Philadelphia. By them he desired to prove bribery on the part of the officers in the election of that city, in the Fall of 1860; but Mr. Covode said he had no objection to subpoena a part of them, not being willing to subject the government to the expense of summoning them.

Mr. Winslow's request was denied by a tie vote.

Mr. Winslow then moved to subpoena witnesses from Greensborough and Pittsburgh, Pa., understanding that they could prove corruption in Westmoreland co., to which Mr. Covode objected that these gentlemen had no connection with the Government. This request was also refused. The record further states that when Frederick Inge was called, Mr. Winslow inquired whether there was any minute that he had been summoned, and the clerk of the committee replied that there was no minute of it. Mr. Winslow then asked that a copy of so much of the journal as related to the summoning of witnesses be furnished to him, which was agreed to.

The above is a summary of the record.

Mr. Winslow submitted a resolution directing the speaker to issue his subpoena for certain witnesses

Debate ensued, during which Mr. Train, of Mass., said, in reply to Mr. Houston, of Ala. that he should consider himself guilty of gross impartiality, as a member and gentleman, if he insisted on addressing the chair, and interpolating remarks, when he was not entitled to the floor.

Mr. Houston asked if that remark applied to him. [Cries of order]

Mr. Train replied that he meant exactly what he said.

Mr. Houston said if that remark was applied to him, Mr. Train was a disgraceful liar and scoundrel.

Mr Train replied that he could not be irritated by anything which Mr. Houston could say.

Mr. Sherman moved a resolution that Mr. Houston be censured for disorderly words in debate.

Other members rose and offered resolutions to have both members censured.

Several members preferred to have the matter dropped. Ineffectual motions were made to table the resolutions.

Mr Davis, of Mass., who also participated in the debate, was very earnest, and alluded to Mr. Houston as a member, and not as a gentleman.

Points of order were here raised amid the greatest excitement.

The Speaker decided that Mr. Davis had the floor, when comparative quietness was restored.

Davis proceeded to justify Train's language. Was it not a coat, he asked, that fitted the gentleman from Ala (Houston) He wanted to see the record of those who would censure his colleague for saying he would consider himself ungentlemanly if he violated the rules of order.

Points of order were again introduced with a repetition of the previous excitement.

Hatton moved to table the subject. Disagreed to—70 against 100.

Ineffectual efforts were made from the Democratic side to adjourn.

Mr. Wilson appealed to Mr. Sherman to withdraw the resolution in order that Mr. Houston might address the House.

Mr. Sherman consented, and Mr. Houston apologized to the House for violating its rules. Adjourned.

SENATE.—Mr. Hale offered a resolution instructing the naval committee to make inquiry concerning the Government purchase of the naval depot, at Brunswick, Ga.—Adopted.

On motion of Mr. Benjamin, the bill to amend the act of the settlement of private land claims of California, was taken up and passed.

The resolution reported yesterday by Mr. Slidell, relative to the reformation of abuses in the public printing, came up as the special order:

Mr. Toombs moved to postpone to take up the Kansas grant bill. Lost.

Mr. Hunter moved to postpone the former in order to take up the P. O. deficiency bill. The bill was debated.

The bill was amended by striking out so much as provides for the restoration of discontinued routes 23 to 24. Also, by the adoption of the amendment, restoring the mail service on the route from Charleston via Key West to Havana, giving it to the lowest bidder. The bill passed.

Adjourned.

PIKE'S PEAK AND CALIFORNIA NEWS.

A Company of U. S. Troops Murdered by the Indians.

ST. JOSEPH, June 1—9 P. M.

The Central Overland's Pike Peak mail arrived this evening, with dates to 24th, and Denver City to 26th.

A meeting of citizens was held this evening for the purpose of taking precautionary measures for defence, in case they were attacked by the Indians. The city was divided into wards, and places of rendezvous appointed in each, in a case of surprise.

Reports from mines favorable.

ST. JOSEPH, June 1—9 P. M.

The pony express, with the despatches and mail missing from pony which arrived Tuesday evening last, arrived here at 2:20 P. M. to-day. No explanation is given as to the cause of its detention made. All safe.

The last Pony Express took intelligence that several Americans had been murdered by Indians, while asleep at Miller's Station, on Carson River, some thirty miles from the settlements of Carson Valley; and, also, that various companies had organized at Virginia City, Gold Hill, and other settlements in Washoe mines, and gone in pursuit of the Indians supposed to have committed the murders.

It subsequently appeared that 105 volunteers, under command of Major Ormsby, on the 12th inst. came upon the Indians about 65 miles northward from Virginia City. The Indians were in ambush at a narrow pass through which the Ormsby party were proceeding, and numbered, it is supposed, not less than five hundred, all having fire arms, plenty of ammunition, and 150 horses within a convenient distance. They opened fire upon our troops from their safe hiding place.

Maj. Ormsby ordered a charge, but the Indians continued firing from behind rocks and bushes, doing damage without suffering much in return. This condition of things continued two hours, when the ammunition of Ormby's party gave out. The Indians seeing this, closed upon our men, pouring in volley after volley, killing many on the spot. The balance retreated, scattering in all directions. The survivors came straggling into Virginia city during two subsequent days. The exact number of killed is not yet ascertained, but it probably exceeds 50.

Among the slain are Maj. Ormsby, Henry Meredith a distinguished lawyer, Wm. S Spear, Richard Snowdon, Wm. Arrington, Dr. Jader, Chas. Deraws, James Lee, F. Johns, Case McLeod, John Fleming Sanderson, Andrew C. Child, M. Knesserwitch, John Gorman, John Gormbo, A. H. Elliot, W. Hawkens, Geo. Jones, W. MacIntosh, C. McNaughten. Total known to be killed, 21; wounded, 3; fate unknown, 43; returned alive, 38. Wagons have been sent out to pick up any wounded that may be found, and also an armed force to protect parties burying the dead; but no account yet received from the battle ground.

Exaggerated reports of the battle caused powerful exertions to be made, throughout California, to send relief. At Placerville and Sacramento City the people assembled and raised about $3,000, and fitted out a company of well-armed volunteers, who started from Placerville, on their way over the mountains, on the 14th. One hundred and fifty volunteers started out from Downieville and another company from Nevada. All the principal military companies in the State expressed readiness to embark on the same duty. The State authorities promptly dispatched two hundred stands of arms, with a good supply of ammunition.

Gen. Clark, commanding Pacific U. S. army, despatched from San Francisco on the 14th, 150 troops, all the available men in Central California, to gather with 500 stand of arms and 100,000 rounds of ammunition. He also sent orders that the 100 U. S. soldiers stationed at Pony Lake, 100 miles north of Carson Valley, to proceed to the Pyramid Lake region and aid in suppressing hostilities. These movements warrant the belief that there are now not less than 300 well armed volunteers from California and 260 U. S. soldiers ready for duty on the eastern slope of the mountains, an ample force to protect the people as long as the unpaid volunteers can afford to remain in the field.

At last accounts, hostile Indians were all to the north of the Pony Express and Salt Lake mail, and troops will be so posted as to keep that route open.

The Indians on the eastern side of the Mountains extending north into the interior of Utah, number probably 2,000, and from contiguity with Mormons and other unfavorable causes, are all liable to become hostile to Americans.

S. W. Williams, Secretary of the American Legation in China, bearing a copy of the recently ratified treaty with that Empire, leaves for Washington by the steamer of the 20th.

From the Plains.

ST. LOUIS, June 1—9 P. M.

The mail from New Mexico arrived at Independence to-day, having left the former place on the 5th ult.

The mail party overtook an escort of soldiers coming in with officers wives and children. Traveled with them four days and then came in alone.

Four Kiowa Indians came to one of the mail stations, near Pawnee Ford, but did not molest the man there, but seemed disposed for peace.

At Pawnee Fork some Delaware Indian spies were sent out and discovered the encampment of some 400 Kiowa braves. On last Saturday Lieut. Armstrong, with 40 dragoons, left in pursuit of them. By the next mail we will get the result of their attack on the Indians.

Another Company had left Fort Union in pursuit of Indians that were prowling on the road, beyond the Arkansas river. No doubt the Indians will now get their just deserts, and will be ready for peace on any terms.

Business in Santa Fe is dull.

The French bark, captured as a slaver by the U. S. steamer Crusader has arrived at this port.

The Union Movement in Missouri a Failure.

ST. LOUIS, June 1—9 P. M.

A despatch to the Republican says: The Union Convention at Jefferson City yesterday, was a failure, about two dozen being in attendance.

The Executive Committee appointed last spring met in a private room and nominated Robert Wilson for Governor, Robert Holmes for Lieut. Governor, and a full State tickt.

Republican Campaign Club Formed in Louisville, Kentucky.

A committee was appointed to invite Cassius M. Clay to come and deliver an address.

ORGANIC REMAINS.—One of the largest, and perhaps the most perfect specimen of an orthoceratite, ever discovered in this district, has just been taken out of a cistern, now being excavated on the premises of Dr. John H. Vivian, in this city.

The fossil is about five feet four inches in length, and measures some twenty inches in circumference at the head, tapering gradually towards the tail, which is not more than one inch in diameter. The air chambers are very distinctly marked, and are in a remarkable state of preservation.

Mr. Stokes, who has described this division of orthoceratites, has formed them into a distinct genus, for which he has adopted the name of actionoceras, proposed by Professor Brown. The orthocerata is found in the lower Silurian system.—*Mineral Point Intelligencer.*

FOUND GUILTY.—The jury in the case of William Pauley, of Jackson C., who has been on trial before the Circuit Court in this City for the manslaughter of Moses Clark, brought in a verdict of "guilty of manslaughter in the third degree." His Counsel moved for a new trial but the motion was overruled. A motion for the arrest of judgment, however, was granted, and the case goes up to the Supreme Court.

It is thought the Court will be ready to adjourn on Saturday next.—*Mineral Point Intelligencer.*

A PREACHER'S HORSE BURNT UP.—The Rev. Mr. Nolan, of this City, went to preach on last Sunday in a School House some 4 or 5 miles east of here, and left his horse in the stable of a Mr. Gibson, a short distance from the School House. During his absence the stable took fire from some unknown cause, and was consumed, together with Mr. Nolan's horse, saddle and bridle.—*Mineral Point Intelligencer.*

THEODORE PARKER'S PRIVATE LIBRARY.—The Boston *Traveller* states that the private library of THEODORE PARKER has been bequeathed to the City of Boston. It consists of some 30,000 volumes; many of them selected by Mr. PARKER himself, while in Europe

MONETARY.

FRIDAY, P. M., June 1st, 1860.

As we observed yesterday, the tendency of the money market is towards more activity, and the supply of Exchange is also improving—at once the result of the improvement in the produce markets, and the increased movement of grain. The banks continue to quote Exchange firm at 1½ ⅌ cent premium.

THE Chicago *Press & Tribune* of this morning, has the following money report:

There has been rather more activity among bankers to-day, and a better feeling was manifest. The supply of produce paper was considerably larger than the day previous, but it was by no means equal to the ability of bankers to advance upon it.

Currency is still abundant, and greatly increased opportunities to use it safely and profitably would be very acceptable.

Exchange was more active and very firm at 1¼. The supply also improved slightly. Gold 1¼ and dull.

RAILROAD EARNINGS.—The following are the earnings of the Grand Trunk Railway, of Canada, for the week ending May 19th, 1860:

Passengers	$22,633 13
Freight and Live Stock	30,575 59
Parcels, Mails, &c	2,890 41
Total	$56,099 13
Corresponding week last year	39,927 40
Increase	$16,171 73

ST. LOUIS.—The *Democrat* of Wednesday says;

The only variation to note from yesterday's quotations, is a decline of ¼ per cent. on Eastern and Southern sight exchange with a few of the dealers. A majority, however, hold at yesterday's rates, and it is uncertain whether the decline will be maintained for any length of time or not. At present, there is a supply at least for the demands of the regular customers of those houses which have adopted the lower rates. We give below the quotations of those telling at the new as well as the old prices for bankable funds:

	Buying.	Selling.
Eastern sight	½@¾ prem.	1 @1¼ prem
New Orleans sight	par@¼	⅜@ ½

The selling rates of exchange for coin and currency are unchanged. Quite a difference is made by different dealers in the buying rates of currency, (Illinois, Wisconsin, Iowa, Michigan, &c.) some placing it at only ½ discount below bankable funds, and others as much as 1@1½ discount.

Kentucky, Ohio, Indiana and Tennessee funds are quoted same as bankable funds, but in reality are worth ¼ prem.

Gold is bought at about ½ prem., and sold at 1 prem.

Money continues comparatively easy, but yet it is difficult to negotiate second class paper on any terms. Street rates are some easier than those of a week or two since. Comparatively little business paper is offered at the banking institutions.

The telegraph reports the New York wheat market very firm to-day, with a fair export demand, Milwaukee Club selling at $1,28, and Chicago Spring $1,24; flour unchanged, $5,20@5,30 for Superfine Western, and $5,35@5,65 for common to medium Extra Western.

To-day, as yesterday, the wheat market experienced a slight re-action on 'Change, prices receding ½ to 1c, and for a while appeared quite dull and depressed, but after the New York report was out, sellers became firmer in their views. The decline was fully regained and a few sales were made at an improvement of ½@1c.—In the early part of the day No. 1 spring ruled at $1,09½ in store, and No. 2 at $1,05. Before the close of 'Change these qualities were offered respectively at $1,09 and $1,07, and for some time there were no buyers to be found, while towards evening buyers were freely offering $1,09½ for No. 1, and in several instances went ½@1c above this price. The transactions ain't to some 25,000 bus, including 10,000 bus to arrive from Minnesota, consisting of nearly equal portions of Club, Rio Grande, and Fife at $1,11½ delivered, each description separately. Milling wheat sold at $1,12½@1,14 for the range of Club to Extra.

Flour was quite active and a shade better, over 2,000 bbls changing hands at $4,12½ for Superfine, and $5@5,25 for fair to good Extra. Fancy brands are held at 25@50c above these figures, but the principal demand appears to be for medium shipping brands, very choice qualities being comparatively neglected.

We have nothing special to note in regard to other articles.

Freights on wheat are ½c below our last quotations, owing to the increase of tonnage in port. The schrs. *Barbarian* and *L. B. Shepard* have both been chartered at 7c to Oswego, and vessels are offering to Buffalo at 4c. Rates on flour by steam are:

To Buffalo (nominal)	25c ⅌ bbl.	
To New York	60c	do
To Oswego	40c	do
To Ogdensburgh	45c	do
To Boston, (via Ogdensburgh)	80c	do

CROPS IN CALUMET COUNTY.—*Editors Sentinel*:—Never, since the settlement of our County, have the crops looked more promising at this season of the year, than at present. Nearly double as many acres have been sown in this locality this spring, as ever before, and should the season continue favorable, this county must (as it ever has,) have a large surplus of produce the coming Fall, and, I trust, will also roll up a correspondingly respectable Republican majority in November. * *

Respectfully, yours,

J. H. S.

HEAVY DEFICIENCY IN THE WHEAT CROP OF THE SOUTH ANTICIPATED.—We copy the following from the Cincinnati *Gazette* respecting the prospects of the growing wheat crop at the South, for what it is worth. The picture of the harvest prospects at the South is a more gloomy one than *we* should have drawn from the sources of information at our command, but we can say from a careful observance of the course of the *Gazette* that it is not given to the expression of opinions, affecting commercial interests, that are not well founded:

The season has advanced sufficiently to enable us to arrive at tolerably reliable conclusion as to the prospects of the growing wheat crop. In the South, where the season is considerably earlier than in this latitude, the harvest will unquestionably prove unfavorable.—Things are now too far advanced to admit of the hope of any change for the better. If Kentucky produces half an average crop, it will be all that those who are pretty well informed anticipate. In Georgia, Alabama and Tennessee, the deficit will be still greater. In many portions of those States the crop is almost an entire failure; and in no section is the yield likely to reach one-half an average. In Ohio and Indiana there will be fair but not large crops. This State will probably do better than Indiana, but neither will reach an average. The aggregate product, however, will be larger than last year. Missouri will do badly. In Illinois, Iowa, Michigan and Minnesota very good crops are promised. Pennsylvania promises much better than last year, and in New York the prospects are fair. Upon the whole, therefore, we shall, no accident or disaster occurring between this time and harvest, have a larger yield of wheat in the Northern States than last year or the year before, while in the South there will be a heavy deficiency. This deficit in the South will have to be made up mainly from the Central West. It has for a month past had a very decided influence upon the prices in this market. It may be said, indeed, to have saved holders of flour here from heavy losses. Throughout the next season a market will be found in the South for a large amount of Ohio and Indiana flour. So much for wheat. As regards corn the farmers have done their part well. The foundation has been laid for a very full crop. It is safe to say that the amount of ground occupied is larger than in any previous year. Two weeks, or even one week ago, the growing prospects were not flattering in many sections, owing to dry weather; but within the last week the drouth has been effectually broken, and the plants are now looking thrifty. Some replanting had to be done, but this labor was not as heavy as the average of ordinary years. The yield of course will depend upon the character of the season hereafter. All that can be said now is that the prospects are decidedly favorable for a large crop. With reference to other grains we are not prepared to speak at present, further than to say we have not noticed any general complaint.

FOREIGN MARKETS—CROP PROSPECTS IN EUROPE.—According to the *Mark Lane Express* of May 14th, in Great Britain the weather had been very favorable for all kinds of Spring grain, but not particularly so for wheat, and although the wheat market had declined, still at the close it was somewhat firmer. In its article on agricultural prospects, the *Express* says:

"The check to out-door employment during the wet weather naturally turns attention to that in-doors, and the threshing of wheat may have gone on more freely in consequence. The condition, however, cannot be so satisfactory as is desirable in order to secure the top-rates of the day. The deliveries may now increase unless farmers are dissatisfied with present prices. Some of them, we know, are sanguine that sooner or later, before harvest, 60s ⅌ qr. will be attained for the best qualities of red, weighing 63 lbs per imperial bushel, and many will not sell any more until they can obtain that price. The stocks in their hands are now much reduced, particularly when the largest drain has been upon them, and they are the more careless sellers if not wanting the needful. Still they have little other grain left to dispose of now, and must look forward to another season's produce of all articles."

The French markets were generally lower. In Belgium and Holland, wheat was firm or higher. At Odessa prices were steady and the stock of wheat, 67,000 chets., and of Maize only 9,000 chets.

THE WOOL TRADE has not fairly commenced in this latitude yet, as the clip is not generally taken off until about the 10th of June. As to prices, we are not sufficiently informed at present to arrive at any satisfactory conclusion. We can say, however, as far as dealers are concerned, there is a very general impression that prices will rule lower than last season. We append a few extracts from our exchanges:

The Albany *Journal* of the 30th, says:

The new clip is coming to market rather slowly, and the ruling prices thus far of street lots have been from 3 to 4c below those of last year. The range of prices is wide, and the few lots that have changed hands have been at prices ranging from 27 to 40c.

WOOL AT ALBANY.—The Albany *Statesman* of the 25th says:

"Considerable wool has been taken by manufacturers from Troy and this city within a few days. Hitherto, manufacturers, apparently by agreement, kept out of the market, and now they have taken about everything offering; here the sales, besides other lots not reported, are 3,000 lbs extra pulled at 45c, and 7,500 lbs fine fleece at Troy, the sales of all grades of fleece are said to be about 1000 bales, of which considerable has gone to West Troy. The quotations are withheld.

The Detroit *Advertiser* says:

Receipts 9,476 lbs against 9,191 lbs last week. Although shearing is now fairly commenced, the receipts have not thus far been affected, neither has any considerable quantity of wool been offered for sale here.—The shearing season has commenced quite early this year, as a gentleman who yesterday arrived from Buffalo, via the Great Western Railway, remarks that fully two-thirds of the sheep he saw along the line had already been sheared, and on the Central and Southern Roads, we understand, washing is extensively being prosecuted, and in many places shearing has far advanced. Notwithstanding all this, there is as yet very little movement on the part of buyers, very few having completed their arrangements for purchasing. We have heard but little talk of the prospects of the opening until to-day, when we learn that buyers are indisposed to operate, except at rates 5 cents under last year's, and this feeling is said to be quite general. The average price paid throughout the season last year was 42½c, so that should the clip be sold at the proposed rates, we should this year receive but an average of 37½c.

CHICAGO MARKET, MAY 31ST.—Receipts of the articles named, at Chicago, yesterday, were as follows:

Flour, bbls	1,662
Wheat, bus	10,853
Corn, bus	70,092
Oats, bus	1,298
Rye, bus	724
Barley, bus	1,151

The *Press & Tribune* says:

Business to-day was not so active. The buoyancy noted at the close of the Corn market continued this morning, and at the opening prices advanced 1c—sales being made at 49c for No. 1 in store. The receipt of the New York dispatches caused a reaction, and the market fell as rapidly as it had advanced—closing dull at 46½@46¾c—a decline of 1½@2c below yesterday's quotations. Sales amounted to about 180,000 bus, at 46½@49; for No. 1; 45⅞@45½c for No. 2; and 40c for Rejected. Wheat opened quiet, with a limited inquiry, and sales were made early at quotations 1@2c below yesterday's prices. The eastern markets, however, looking more favorable, the demand increased, and the market closed firm at the outside figures. Only about 17,000 bus changed hands, at $1,05@1,09 for No. 2 Spring in store. There was better inquiry for Flour; but the firmness of holders restricted business, and the transactions were light, at $5@5,15 for fair to good Spring extras, and $4@4,12½ for Spring Super. Oats were steady and quiet at 28c in store. Rye 70c. Barley 65@69c No. 1 on track. Mess Pork firm at $17. Lard scarce and wanted. Hides scarcely so firm.

Freights are inactive and a shade weaker. Two vessels and a propeller were engaged to-day for corn to Buffalo at 4c.

ST. LOUIS MARKET, MAY 29.—(From the *Democrat*)—FLOUR—Dull, and business was small and mostly in a retail way; 200 bbls country superfine were reported at $5,25.

WHEAT—Holders remain steady and firm, but buyers did not come forward to-day, and sales were confined to 500 bags good to prime club from 111c to 113c; about 200 bags choice do at 115c, and 200 bags choice fall at 150c.

CORN—The market opened at about yesterday's figures, but the decline in freights led to an improvement and sales toward the close ranged about 2c higher.—Sales comprise 494 bags inferior and damp at 45@49c; about 4,000 bags mixed and yellow at 50@52½c; 350 bags yellow at 53@54c; 500 bags choice do at 55c; 4,500 bags mixed, white and yellow, at 53@55½c; 655 bags white private; 1,056 bags white at 57c; and 500 do at 58c, in new gunnies.

OATS—The decline in freight caused a firmer market at the close. Sales comprise 2,600 bags at 39½c; 1,500 bags in lots at 40@41c; 357 bags in lots at 42@42½c, in good and new gunnies; also, 259 bags at 38c, bags returned.

BARLEY AND RYE—Sales 40 bags fair spring barley at 65c, and 274 bags rye, in lots, with bags included, at 87c.

PORK—Market firmer. Sales 150 and 52 bbls mess at $17. In cut meats nothing transpired.

BACON—Steady and firm. Sales 100 gunnies country shoulders at 7½c; 50 do do hams at 9c; 150 bbls country pork house shoulders at 7½c; 53 casks city do at 7½c; 59 casks city ribbed sides at 9⅞c; 9 casks country clear sides at 10½c; and 36 casks do at 10⅞c.

LARD—Sales 22 pkgs good No. 1 country at 10½c.

ST. LOUIS PROVISION MARKET, MAY 29TH.—(From the *Democrat*)

PORK—Has been held firmly at an advance, and sales have been confined to small lots. Round lots cannot be bought under $18, holders generally keeping out of the market. At this time last year it was dull at $16,50. Receipts of the week ending last evening, 1,510 bbls Sales of the week as follows: Monday—50 bbls mess at $17,50. Tuesday—Market firm, 100 bbls mess at $17,50. Thursday—Firm and advancing; 265 bbls mess sold at $17,50, for a round lot $17,75 was offered and refused. Friday—held at an advance; sale of a small lot of M. O., and mess at $17,50 and $18,00. To-day—425 bbls mess at $17,75.

CUT MEATS—135 casks to a city packer, comprises the receipts of the week ending last night; but little remains above. There has been considerably inquiry to fill Eastern orders, but at limits beyond seller's views; 6½c was offered for shoulders packed, deliverable at Quincy, and refused. Sellers ask 7c; holders not anxious to make sales. Tuesday—The product of 800 hogs to be delivered here, packed, sold for 6½c for shoulders, 8½c for hams, and 8¾c for sides, which was below the market, as there were orders here at higher figures. At this time last year Shoulders and Hams packed sold at 6¼c to 7½c.

BACON—The trade was active in fore part of week, but slacked up towards latter part. Holders are firm, and prices of all kinds looking up. Prime city packed meat is held at 7½c for shoulders, 9¼c for hams, plain, to 11½c for S. C. canvassed, 10c for R. sides, 11c for C. sides; an advance of ¼c on plain hams, and ½c on R. sides since last week. Shoulders are ¾c, hams 1½c, R. sides ½c higher than at same date last year. Receipts of the week ending last night, 500 pkgs. Sales of the week: Monday—20 csks R sides at 9½c; 60 do city C sides at 11c. Tuesday—50 csks city R sides at 9⅞c; 12 do country clear do at 9¾ and 9⅞c; 9,000 country pork house S C hams, canvased, at 10½c. Wednesday—Market firm; sales 50 csks O sides at 11c; 50 do country do at 10½; 80 bbls prime shoulders at 7½. Thursday—Market dull; 15 csks country at 10½c. Friday—Nothing of importance transpired; demand small. To-day—29 csks O sides at 10¾; 20 do country shoulders at 7½c.

LARD—Prime continues to be held with great firmness, with sales at an advance of ⅛c over last week. Holders generally out of the market. Manufacturing grades do not partake of the advance. Some city manufacturers are selling their stock in preference to working up. At this time last year lard was very dull and nominal, at about the same price. Receipts of the week to last night, 52 bbls and tres and 110 kegs. Prime keg is held at 12@12½c. Sales of the week: Monday—50 tres choice steam at 11½c, an advance; 400 do prime kettle at 11½c. Tuesday—Market firm and advancing; sales 105 tres 21 bbls prime at 11¼; 51 bbls fair at 10¾. Wednesday—20 pkgs country at 10¾. Friday—125 tres butcher's lard from a manufacturer at 9¾c. To-day—20 tres country at 11½c.

The market was this morning weak and drooping.—Corn has come forward in large supplies, and holders have generally given way to meet buyers views. We quote 56@58c for unsound Western mixed, 60@62c for sound do, and 63@64c for round yellow. Rye quiet, without sales of moment. Barley has ruled dull, and the malting season being nearly over, those holding lots are anxious to dispose of them. We have only to note a sale of 2,500 bus four-rowed at 74. Albany Lumber Market.

FOR THE WEEK ENDING WEDNESDAY, MAY 30.

The demand during the week has been moderately active for lumber, and the sales have been to a fair extent. The shipments have been principally to the river towns, New York, New Jersey, and the Eastern States.

Lumber continues to come forward slowly, but as freights from Oswego are down again to a moderate figure, the receipts will be larger hereafter from that quarter. The rains of the past week, which have been copious here and West, did not reach the upper waters of the Hudson, and there has been no freshet as yet to start the hemlock and spruce logs. This is the case also with the pine logs in some parts of Canada and Michigan, though generally enough have got through to give the mills a fair start.

All kinds of lumber are in fair supply, the greatest deficiency being in Pine Tally Boards and Black Walnut.

The receipts by the Erie and Champlain Canals during the fourth week in May, in the years named, were as follows:

	Boards and Scantling, ft.	Shingles, M.	Timber, C. ft.	Staves, lbs.
1856	12,353,709	3,920	——	153,000
1857	10,431,537	5,046	——	775,500
1858	14,721,404	1,915	2,200	10,134,100
1859	13,277,000	3,207	1,020	6,030,500
1860	9,518,000	1,318	——	1,194,920

The fourth week of the present season closes with the 31st, so that the figures for the week are necessarily two days short of the actual receipts, which may bring them up to about those of the same period last season.

The receipts by the Erie and Champlain Canals from the opening of navigation to June 1, in the years named, were as follows:

	Boards and Scantling, ft.	Shingle, M.	Timber, C. ft.	Staves, lbs
1856	20,725,350	4,998	——	1,215,200
1857	15,187,419	7,494	——	1,150,800
1858	52,232,761	7,377	34,035	11,414,800
1859	43,771,100	14,316	34,607	26,535,700
1860	35,719,000	6,399	8,000	10,651,527
